# SUSTAINABLE AND RESPONSIBLE

Preserving marine habitats for future generations, as well as ensuring reliable supply to GC Rieber VivoMega customers is a top priority. As a member of GOED (the Global Organisation for EPA and DHA Omega-3), GC Rieber Oils has made a commitment to source fish oils exclusively from oceans managed by international and government agencies that enforce meticulous quality assurance and sustainability programs. Criteria for Sustainable Fisheries Certification Include:

- Target stock managed by quota to avoid exploitation
- Fishery to generate maximum 8% discarded waste
- No by-catch of endangered species ([www.iucnredlist.org](http://www.iucnredlist.org))
- No impact to the seabed
- Social accountability
- Gradual reduction of carbon footprint

Consequently, Vivomega is only produced from Non-GMO, wild, short-lived sardines and anchovies. We only source from certified fisheries and comply with Friend of the Sea (FoS) and Marine trust.

GC Rieber VivoMega is a signatory to the UN Global Compact, and has adopted all of the Compact's ethical principles including human rights, environmental stewardship and anti-corruption.
